Product Summary

G5-T

Product Description

If you want "high speed, low drag" this is it. Every component of the G5 series suppressors have been critically assessed, shot hard, improved upon, thought through, and tested tough to become the new standard in 5.56mm quick mounting suppressors. Lighter, stronger, quieter, more durable and maintenance-free, the G5-T is made for those that demand the apex of performance.

All Titanium, with the exception of the highly erosion resistant Inconel blast baffle are used throughout the G5-T to ensure the right material for each task.
