Product Summary

Rebel 5.56

Product Description

The Rebel 5.56 is a beast. It's a highly functional, user serviceable, and effective multi-caliber capable suppressor. We use nothing but premium materials in its construction. The baffle assembly can be broken down easily for cleaning, and replacement parts are readily available. The Rebel 5.56 is a workhorse through and through that is built to last.

dB reduction on AR-15: 26-28 dB (Hearing Safe)
