### Product Description

The Maxim® 9 is the world's first integrally suppressed 9mm handgun that is holster-able and hearing safe with all types of 9mm ammunition. Shipped in its full-length configuration, the Maxim 9 comes with everything the user needs to shorten the overall length by more than 1"; in the short configuration, the Maxim 9 remains hearing safe with subsonic ammunition.

Regardless of which configuration you use, the Maxim 9 represents one of the greatest strides made in both pistol and suppressor technology. No more choosing between keeping your pistol as short as possible and enduring deafening sound or adding a silencer and dealing with the added length and weight. Now, you can have the best of all worlds with the Maxim 9.
